

Zasio Baldelomar

Zasio brings a unique combination of analytical and community-focused experience to OFY's school board, aiming to support the school environment that once enriched him.

Zasio has built a career on solving problems, communicating clearly, and helping people navigate complex systems. Previously, Zasio served the City of Duarte's efforts toward community-based crime prevention where he managed youth programs serving hundreds of individuals, streamlined case management processes, and used data and geographic analysis to help inform public safety recommendations. He also worked with the Center for Restorative Justice Works, supporting at-risk youth and helping reunite families affected by incarceration.

Beyond his professional work, Zasio is deeply rooted in the Duarte community. He served as a mentor and instructor with the Duarte Area Resource Team, working directly with local youth, and is a proud member of Kiwanis, contributing to service projects that strengthen the community. Zasio is also a proud graduate of Opportunities for Learning and continues to promote a commitment to flexible, student-centered education.

Zasio hopes to preserve key values of self-advocacy, prosocial decision-making, and hands-on community service to OFY, ensuring every student has the support and resources they need to succeed.
